Stephanie Oleary -

Our job is to elect Democrats.

Do not take this election for granted. Everyone needs to be involved.

We can use this election to test what we are currently doing and to determine what needs improving so we can hone our skills for the year long battle for 2020.

Andy Flach - MiniVan Instruction

Go into the App Store for I-Phones and Google Play for androids and download the Mini Van App.

Create an Action ID. Information entered goes directly to the Van.

In the upper left corner you will see three dashes, one atop the other, and this is the menu access.

At the bottom of your VAN printouts you will see a number. You use this number to access a list of people that you will contact.

The **"Household"** view shows a list of households by street and addresses.

Look for **"Voter."** The MiniVan will show if they have voted and if not these are the people to be called in our "Ballot Chase."

The **"Map"** view shows individual residences and a way to find the **next** door.

Steps to Follow:

- Access MiniVan.
- Tap on menu button.
- Select People.
- Select a person who has not voted.
- Go to Details. There you will find their phone number(s).
- After you make your call and if you were unable to reach them, go to Script.
- In Script you will see "I couldn't reach this contact." Select the reason.
- Use History if you want to add information.
- ◆ Don't forget to Sync by using the button on the upper right of the page. This symbol is an arrow surrounded by a triangle. You will lose your information if you skip this step!

On 10/22 from 6:00 - 8:00 PM at PCDPHQ, you can pick up your "Ballot chasing" lists. There will be additional MiniVan training for those who need it.
